# Coping With Loss and Grief

*Grief is not always because of a death,  
but it is always because of a loss!*

*vitality      friend connections      addictions      memory  
death of loved ones      physical capabilities      divorce  
family members      relationships      material things  
status      pets      abuse      home      faith      health*

*Part of life is learning how to deal with our losses in the midst of our grief*

Coping With Loss and Grief is presented:

- In 4 consecutive sessions, with different topics each day
- On Wednesdays, from 10AM-12 noon, in the Garden Room

**Call Lynn Tracy to register in advance: 847-732-2985**

**The next program will be: November 6, 13, 20, 27**

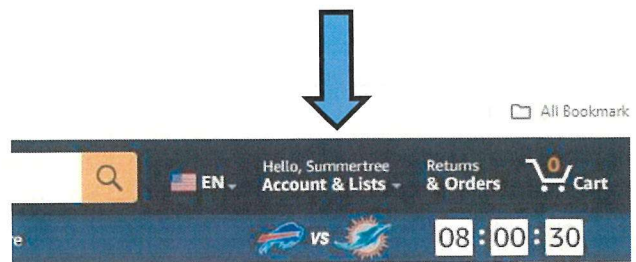

Topics to be covered include:

- All kinds of losses
- Stages of grief and loss
- Turning losses into rainbows
- Using symbols
- Planning ahead
- Helping others
- Celebrating life

Participants will be asked to:

- Engage in both small and large group discussions
- Consider personal reflections on the topics
- Consider optional “homework” activities
- Consider suggested readings
- Bring pen and paper

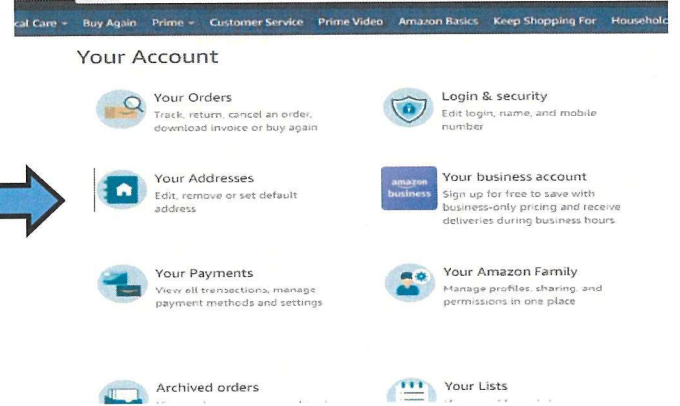

# Amazon Delivery Instructions

**Step 3:** Under your name and address, you will see highlighted in blue “Add delivery instructions”

## Your Addresses

**Step 4:** Fill out the delivery instructions to your liking. Make sure to hit “Save”.

# MOSQUITOES CAN SPREAD ILLNESS

## Protect Yourself with Repellent

Always read label directions carefully for the approved usage before you apply a repellent.

Apply insect repellent to exposed skin or clothing, but not under clothing.

Treat clothing and gear with products containing 0.5% permethrin. Do not apply permethrin directly to skin.

Some repellents are not suitable for children. Ensure repellent is safe for children and age appropriate.

### Around Buildings

At least once a week, empty or cover anything that could hold water, such as:

Buckets

Toys

Child Pools and Pool Covers

Birdbaths

Trash, Containers, and Recycling Bins

Boat or Car Covers

Roof Gutters

Coolers

Pet Dishes

Tires

## Stop Mosquitoes from Breeding

Mosquitoes can live indoors and will bite at any time, day or night.

Mosquitoes breed by laying eggs in and near standing water.

As little as one teaspoon or bottle cap of water standing for more than one week is enough for mosquitoes to breed and multiply.

## Keep them Outside

Use Air Conditioning

Keep Screens on All Windows

### Repair Holes in Screens

Keep Doors Exterior Windows Closed
